On 15th April 2017, Shemeza Music Ministries, in one of its programs "Umurya w'Ivyizigiro" (THE SOUND OF HOPE) conducted the 7th edition of outreach evangelism mission in the North East of the Country in the Province of Bubanza exactly in Gihanga - Kagwema. With the collaboration of local political and religious authorities, this event was a success without reproach. Supported by national and international partners we provided humanitarian aid to more than 500 families as well as water filters were donated to 400 families in partnership with Homecare Ministries. This allowed the people to celebrate the Passover in the joy and hope. Note that 151 people gave their lives to Jesus Christ
